Complaint

"Billy Joel Took my Philly Soul"

"TRO TEMPORARY RESTRAINING ORDER"

Comes Now the Plaintiff, Jonathan Lee Riches©, in pro-se, Moves this Honorable court to issue a TRO Temporary Restraining Order Against Defendants forbidding Billy Joel's "we didn't Start the Fire" from Broadcasting on the airwaves and forbidding the operations of Vision Quest Psychiatric Facility in Franklin and South Mountain Pennsylvania because of everlasting trauma Plaintiff has suffered from their treatment. Plaintiff prays.

1

In 1994, 1995, and 1996 Vision Quest and DR. Bronner has done major damage to my mind. Billy Joel the Singer is my step father who sent me there Against my will to recieve treatment. Instead, my Life is now a Living hell. I was tortured at vision Quest by camp counslers with bats and sticks, Nail polish, used combs. I was forced to Sleep in Teepees with no weather protection or UFO RAdar defense system. Norad set up a No Fly Zone around me, but airwaves still beamed my mind.

2

Billy Joel continues to play "we didn't start the Fire" at FCI williamsburg in my head that wont stop ringing my ears. Billy Joel has sent FCI williamsburg Guard Philip Woolston to harass my life and set me up on Bogus Assault charges that landed me in the "Shu" for a week. Teacher Woolston wears Martha Stewart Stockings and Pantyhose and this is in retaliation of suing Woolstons Diva Martha Stewart in State Court on 9-18-07. Woolston collects my Bowels and DNA for DR. Bronner who has been selling my files to wikipedia.org since 1953 Truman ERA with Truman Doctrine for "World Nightmare on Jonathan Lee Riches Mind."

3

Billy Joel is making me sue Florida State head coach Bobby Bowden in Leon County, Tallahassee Florida second Judicial circuit court case # 2007CA002579 because Bowden is cheating on Joel's wife in a remote corner at FCI williamsburg. I did not report this because Italian hitmen made me sign a Omerta Silence oath on 9-22-07.

4

Vision Quest made me travel around the country in horse and buggies like the amish. Defendants made me pull a wagon with bits and Reins in my Mouth while BRONNER whipped me on FCI williamsburg Teacher Woolstons orders, I had to Physically walk 2,852 miles in front of the wagon train. Defendants took my Mind meds on 8-16-1995

5

"we didn't start the fire" rings in my ear everyday at FCI williamsburg. On 9-11-01 I'm the Lone Survivor of Flight 93 in Pennsylvania, I have the flight recorder box in my possession Teacher woolston is After it, so it can Safely be returned to Mao Zedong's Political left wing moveon.org party. "we didn't start the fire" is putting me in forrest fire danger on 9-16-08, defendants shoot fire balls at my head to melt my brain from whistleblowing FCI williamsburg Atrocities.

6

Ive suffered Defamation of character by Philip Woolston on 9-24-07. He falsely accused me of Assault on Defendant's orders because I'm exposing Vison Quests treatment and abuse of me when I was a teenager. Woolston gave my head emotional trauma and stress from lying on me. My head now goes way back to davey Jones and the monkies because of Woolston check my medical files. Defendant's took away my medication at FCI williamsburg and won't send me to Butner for my treatment. I have a documented history of mental illness but defendants are neglecting my mind making me become a American Monk with political views on science. I also have evidence Defendants Killed MR. wizard and "we didn't start the fire" was in the sting rays head when he killed the croc master Steve IRWIN. I was then fed the stingray for lunch at FCI williamsburg on 9-10-07 to poison plot me from Vision Quests awful treatment and Abuse.

8-16-1994 - 5 Harlem Globetrotter lookalikes sodomized me at vision Quest with a plunger while staff watched with popcorn. Noone saved me. Not even Mother theresa. At the time the Globetrotters were singing "We didn't start the fire" with totem poles of my cousins head and my I.d. was stolen from Defendant's for computer crimes at the T.J. Max major hacking plot last year as Defendants made me a suspect when FBI interviewed me on capital murder charges in the Death of Jimmy Hoffa.

TRO - Plaintiff moves to stop we didn't start the fire from National Airwaves because Billy Joel is hurting my feelings and Billy Joel wants to transform me into Billy Jean to follow Michael Jackson. Plaintiff prays for relief
